

# Design Brief:

## DCM Trading Cards Project # Z10

### Project description:

To create a series of thematically linked trading cards in Illustrator that define and explore five things you have learned and/or five traits you need to be successful in the DCM 2 design studio. Consider also traits that you feel are necessary to be a successful designer and/or a successful employee.

### Project requirements:

- Unified design and concept
- Five duplexed cards
- Size is your choice
- Print duplexed final cards on 100# letter size paper

**Audience:** Future DCM 2 students & your DCM instructors.
